

What's Included in Your Tour?

Accommodations

Superior Tourist Class and First Class hotels are carefully selected for comfort, cleanliness, and character. Image Tours, Inc. selects hotels offering a good value while at the same time providing genuine hospitality with quality accommodations. Tours feature a balance of modern city hotels and family-run village hotels with European charm. All rooms have a private bathroom with sink, toilet, and shower or bathtub. Prices are based on two persons sharing a room. For single supplements, consult the Availability & Rates section.

Breakfast Daily

Breakfasts are usually served buffet style at your hotel, with a selection of rolls, butter, jam, cheese, cold cuts, coffee, tea, milk and juice. On occasion, the buffets may also include cereal, sweet rolls, fruit, yogurt, and/or eggs. A few breakfasts may be served continental at your table rather than as a buffet.

Dinners

The included dinners, whether 'special highlight' or standard meals, follow a fixed menu. We work with the hotels to try to provide you a variety of meals throughout the tour. The number of included dinners is noted on the introductory page of each tour description.

Driver/Tour Manager

An experienced representative will accompany the tour for the full European duration.

Land Transportation

A deluxe, air-conditioned motor coach will provide transportation throughout Europe, in accordance with the itinerary.

Airport Transfers

For passengers who purchase the complete air and land tour from Image Tours, transfers are provided on Day 2 from the airport to the hotel and on the last day of the escorted tour from the hotel to the airport. If Image Tours provides land only, transfers are not included, but 'land-only' passengers may join the group transfer at no additional cost if their flights allow them to do so at the times stated in the final documents (also see TRANSFERS on the Tour Contract page). Pre- or post- tour extensions do not include transfers.

Baggage Handling

Porterage is provided for one suitcase (maximum 30" x 22" x 10" and 60 lbs/27 kg in weight, see BAGGAGE on the Tour Contract page) during the entire trip, except at airports. Although highly unlikely, there may be a rare occasion on which individual baggage handling is required at a hotel. You must carry your own hand luggage throughout the tour.

Tips, Taxes & Service Charges

The tour price includes tips, taxes and service charges for all aspects of the tour that are pre-arranged by Image Tours. Any additional tipping to hotel staff and tour personnel as an expression of special appreciation is strictly a personal matter and must never be considered mandatory, either by tour participants or by tour personnel.

Confirmation & Pre-Departure Materials

Upon receiving your completed, signed Reservation Application and deposit, we send out a Confirmation Packet, consisting of reservation verification, a tentative flight schedule, travel insurance information, and our highly informative Touroyclopedia. Approximately 7 days before departure, passengers receive the Trip Documents Packet. This contains clear and concise departure and arrival instructions, final flight schedule and air ticket, 'Overnight Schedule' with the names, addresses, telephone and fax numbers of hotels, foreign currency information, luggage tags, and name tag.
